

# Animal Communication Level 1 Teleclasses with Sue Becker

## Would You Love to Really Be Able to Talk with Your Animal Friends?

**What Secrets Would They Share?  
What's It Like To Be Them?  
What Do They Need Most From You?  
Are They Well? Are They Happy?  
Why Do They Act Out?**

Beginning Tuesday, September 24th and over the next 8 weeks, let me guide you into the magical world of animal communication...

I'm Sue Becker and as an expert international professional communicator, I've talked with over 10,000 animals of species domestic and wild, in dozens of countries world-wide. I've taught hundreds of students to communicate with their animals over more than 18 years of teaching - who didn't think they could do it - so I know that you can do it, too!

In this Telecourse I'll walk you *step-by-step* through the process of learning how to talk to and hear the animals, starting with baby steps and moving slowly and surely into the space where energy and connection are linked - and where your animals are, too.

There will be meditations to enrich and empower you and you'll have guided sessions to take you

deeper, show you how to recognize and identify energy, and bring you more in touch with your inner self and your higher skills and abilities.

**A Telecourse is simply a workshop done by phone** - all members of the class come together every week in a conference call and the best part is, you don't have to travel and can stay in the comfort of your own home.

**Calls will be 60 to 90 minutes in length** and you'll receive practice exercises to complete between classes.

**You'll learn:**

- ✓ **The 8 Most Important Pointers to be open to animals' messages**
- ✓ **How to see and feel from the animals' viewpoints**
- ✓ **To discover and strengthen your own special channels of receiving**
- ✓ **The 3 Secrets to sending clear messages that your animals can understand**
- ✓ **Powerful ways to relax and quietly focus your mind**
- ✓ **How to start using your own intuition more**
- ✓ **The joys of truly communing with your animal friends!**
- ✓ **And SO MUCH more...**

"Thank you again for such an amazing (workshop). You are an amazing and encouraging teacher... I really felt that you took the time to address all my questions and fears and doubts ..."

- A.G., Ontario, Canada

" Thank you for a wonderful (course). We who have pets are so blessed...now I can enjoy my little guy JR so much more, knowing he is his own little soul, a loving gift...I feel freedom. Thank you so much for your help and patience. Thank you for being in my life.

- F.W., Ontario, Canada

“Sue, what a great course and wonderful teacher, patient, understanding and loving. I look forward to many more, and thank you for sharing how special Zipper is...I truly feel as though I now have many more friends and teachers on my path and look forward to new friendships and experiences...”

- I.W., London, Canada

“I...wanted to let you know the AC classes are so great! It has been the best class I have taken yet and (it makes my) heart feel so big! One other thing I noticed is that as I went over the notes from Abbey’s communication, I really realized how she is so much like me personally, emotionally and physically. We even seem to share the same uncomfortable spots in our spines and muscles, plus some of the same issues. I feel (this learning) is making a big impact on my life!...You’ve opened the doors to a new and better world full of love, sharing, understanding and true bonds, and a new awareness to our lives.”

- T.G., Ontario, Canada

### Classes will take place on:

**Tuesdays beginning September 24th at 7 p.m. Eastern Time**

**(4 pm Pacific, 5 Mountain, 4 Central and 8 Atlantic) for 8 weeks.**

**Allow for differences from standard in your time zone.**

**Classes will be recorded and available for replay and download so you can listen and practice the exercises and meditations as often as you wish. **Don’t worry if you have to miss one class or several** - you can replay them at your convenience.**

“ ...after your Level 1 Animal Communication Course, I now have a better understanding to assist me in becoming more aware and continuing on this path towards ‘oneness’ with not just our animal friends, but beyond the furry creatures! I really want to keep on with this work and ask that you please keep me posted... Bottom line, I do not want to miss the next course!”

- D.G., Ontario, Canada

"I listened to...last week's session over the weekend, excellent information... I wanted to let you know the results from the week's homework (with my cat Timothy)..."

A veil seemed to disappear that separated our two worlds. The surge of energy, love, heart to heart connection that went through our bodies was just unbelievable. I will never forget that feeling. Our relationship has changed drastically since."

- P.F. Nova Scotia, Canada

"I ... thank you from my heart for this very enlightening workshop. Your non-judgmental presence infused our learning space with such peace and calmness. I benefited from all of the exercises and felt the last one was the most powerful for me... I received a message that provided me with the clarity that I had been praying to God to receive. Out of the mouths of babes and cats - so the saying goes!"

- I. D., Ontario, Canada
